KNT-CT Holdings and Group Companies (as of April 1, 2018)

KNT-CT Global Travel Corporate Profile

Established in 1947, KNT-CT Global Travel Co., Ltd. has operated as an inbound travel agency since 1979 and came under the KNT-CT Holdings Group in 2017. Following are some of its key departments involved planning and operations for purpose-designed programs and events and related services.

- The Global MICE Department provides services for overseas guests invited by Japanese companies and government organizations.
- The DMC Japan Department arranges accommodations and transportation for people visiting Japan.
- The DMC Japan Kyoto Office provides services in the Kansai Region for global travel agencies.
- The International Operation Department (IOD) provides hospitality and other services tailored to individual customs, cultures and religions.
- The International FIT Sales Department handles the joint sale and promotion of products for foreign independent travel (FIT) with Group companies.

Inbound MICE services provided for:

- International conferences
- International sports events and sports training camps
- Corporate meetings and incentive tours
- Arts and cultural events
- Trade shows and trade fairs
- Study and research tours
- International exchanges
- Familiarization trips

IOD Business Description

The International Operation Department (IOD) is a team that specializes in providing support services for customers visiting Japan from overseas to attend conferences and events.

Team members have in-depth knowledge of inbound tourism operations and serve as the contact point for organizers of meetings and events, delivering meticulous support services in the areas of event registration management, inquiries, travel and other arrangements, payment management, creation of documents and forms, and meeting and event on-site operations. All services are available in English.

Participant data is centrally managed in a dedicated database, with updates and reports provided to the organizers in a timely manner throughout the meeting or event.

Following are some of the diverse range of services we offer.

Event registration management

- Sending invitations
- Event registration website development
- Sending announcements and circulars
- Participant registration management
- Presentation/paper abstract management
- Session attendance management
- Banquet attendance management
- Excursion attendance management
- Spouse program management
- Management of dietary restrictions
- Questionnaire collection post-event

Inquiries and communications

- Answering questions from participants
- Communications with VIP guests (honorarium information, flight confirmations, special arrangements)
- Communications with sports federations (confirming competing athletes, pre-event training camp locations)
- Communications with branches, sales offices and local companies in other countries

Travel and other arrangements

- Lodging
- International flights
- Domestic transportation (flights, trains)
- Chartered coaches, hired cars
- Meals, box meals, restaurants
- Tour guides and interpreters
- Admission to tourist sites

Payment management

- Collecting payments via credit card and bank transfer
- Issuing invoices and receipts

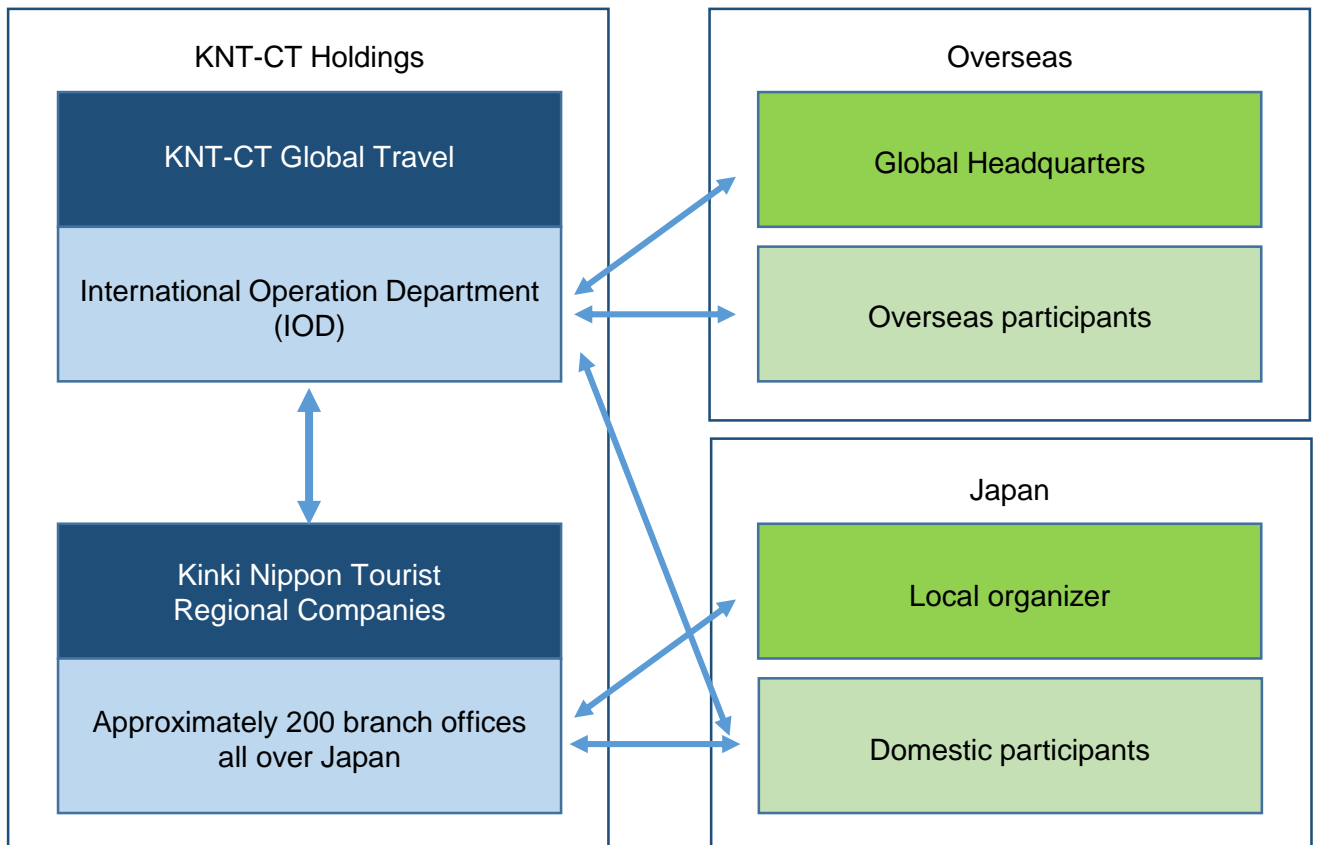

IOD Business Description

Creation of documents and forms

- Proxy creation of invitation letters to obtain visas to Japan
- Name badges
- Admission tickets to concurrent events (seminars, banquets)
- Meal menus
- Access information
- Travel itineraries

Conference and event on-site operations

- Tour desk set-up and staffing
- On-site registration
- On-site travel requests
- Participant transit checks

Accomplishments

Our work on the following projects has been recognized by clients for outstanding quality. We take care of registrations, meals, transportation, lodging, correspondence with overseas guests and other outsourced tasks so that event organizers can concentrate on the content of their event.

International meetings

- International Congress of the World Federation of Occupational Therapists (2014)
- World Bonsai Convention (2017)
- Seminar for a specialized financial agency of the United Nations
- International education program meeting
